What is the Northeast Ohio Medical Reserve Corps?

The Medical Reserve Corps is a national volunteer public service organization that has been federally commissioned as a civil branch of the Department of Homeland Security. The Northeast Ohio Medical Reserve Corps (NEOMRC) is a chapter which primarily serves greater Cleveland and vicinity. Its mission is to provide volunteer medical and communications support during local emergencies, or when requested to promote health and wellness in the community of Northeast Ohio, and to provide support for other affiliate organizations. Though the Medical Reserve Corps was only recently commissioned, the officers of the NEOMRC have well over 100 years of combined volunteer experience providing first responder medical support and radio communications at public service events and in emergencies. NEOMRC volunteers come from a broad variety of backgrounds.

NEOMRC is organized to:

- Provide pre-hospital care and/or communications support to the general public, including participants in fund raising activities for other non-profit charitable organizations
- Assist local Fire Departments and/or EMS Agencies in the event of a disaster, and support them in other situations that affect the public health.
- Provide support to other organizations upon request.
- Promote education and training, including participation in drills to maintain the emergency response skills of pre-hospital care providers and amateur radio operators.

What charitable events does the Northeast Ohio Medical Reserve Corps support?

- MS 150 Pedal to the Point (National MS Society)
- MS Walk – Cleveland (National MS Society)
- MS Walk – Cuyahoga Valley National Park (National MS Society)
- March of Dimes WalkAmerica (Cleveland)
- Cleveland Kite Festival (Ohio Society for the Elevation of Kites)
- Komen Race for the Cure – Cleveland (Susan G. Komen Breast Cancer Foundation)
- Greater Cleveland Triathlon
